

Nursery Newsletter: January 2026

Our passion, their future

Dear Parents/Carers,

Happy New Year! We hope everyone had a relaxing and happy Christmas holiday period. Welcome to our new families starting with us this term.

Upcoming Nursery Events

Friday 9th January: Day to be Thankful.

Thursday 22nd and Tuesday 27th January: Parents Evenings. You will be contacted with a time to meet your child's key person if it is your child's turn for a parent meeting this term.

School Applications

Final reminder that applications close on 15th January. Please ask at the office if you need any help completing your application on time.

Staff Hellos and Changes

We are welcoming Jodie back from maternity leave this month. Seren will become a Lead Practitioner, combining her role as Pre-School room leader with continued senior management responsibilities.

Several staff are moving rooms this month. Ume-Habiba will be working in Tweenies, Kiera will be working in Toddlers and Felisa and Roxanne will both be working in the Baby Unit.

Invoices

Due to annual leave, you will receive your invoices a little later this month. They should be with you by 20th January.

Due to changes in legislation, we will be altering the format of the invoices to give clearer indications of which hours are paid for privately and which are funded, as well as showing meal and consumable costs. Please do ask if there is anything on the new style invoice that you don't recognise.

A reminder that invoices should be paid in enough time so that they have cleared into our account by 1st of the month. If your invoice is showing a brought forward balance which you have actually paid, this is because the money has cleared into our account late and the accountant has not been able to allocate your payment in time.

Online Safety

Research by Ofcom in 2025 shows that 85% of 3-5 year olds are using the internet, with almost 20% having their own device! It is more important than ever to ensure that your children are kept safe if they are online so, please do follow this link to <https://parentsafe.lgfl.net/> for a huge variety of resources to help you, such as how to activate parental controls on devices.

Any questions please do ask.

Kind regards,

Carol, Jodie and Seren
